

Mr. Peregrine White  
Scientific Information Officer  
(OSDOR-PI/ALO574)  
Office of Ordnance Research  
United States Army  
Box CM, Duke Station  
Durham, North Carolina

Dear Perry:

Thank you very much for the unexpurgated trip report of Dr. E. G. Gumbel which you forwarded with your letter to the Director dated 4 April 1958. You are, of course, correct in your view that it is in the national interest for American scientists to have access to their Russian confreres at international conferences and similar meetings, and consequently we consider your decision to omit certain portions of Dr. Gumbel's report to be sound.

Larry Houston is still our General Counsel and has asked me to send his regards.

Sincerely yours,

Herbert Scoville, Jr.  
Assistant Director
